**turn(it)out festival: *The Rule Breakers***

**Join the ballet revolution**

Get ready for an electrifying evening of contemporary works celebrating some of ballet's most influential rule breakers!

The most powerful modernist voice the ballet world has known, George Balanchine was the original rule breaker, distilling the 19<sup>th</sup> century ballet traditions down to its essentials. In his thrilling classic *Rubies*, dancers tear through the stage to a flirtatious score by Stravinsky.

Dance titan William Forsythe shocked the establishment by breaking ballet conventions with his extreme lines and 'drive and attack' style. The HKB premiere of Forsythe's *In the Middle, Somewhat Elevated* will see one of the most significant contemporary ballets in the last four decades pushing boundaries to the extreme with its virtuosic displays of extravagant athleticism.

Shining a light on the future of ballet is one of today's 'bad boys of ballet' Andonis Foniadakis with a thrilling world premiere set to a rock-tinged score. With its swoon-worthy physicality and dramatic lighting design, Foniadakis' signature style of perpetual movement animates the stage and culminates in a spectacular finale.
